Holiday Round Up

Anyone wondering whatever happened to Ritchie Blackmore since he left Deep Purple in the 1990s should check out the sixth and latest release from the Blackmore's Night, the 12-track "Winter Carols." This is a holiday-minded collection that offers up Renaissance-inspired versions of Christmas favorites such as "I Saw Three Ships" and "Hark the Herald Angels Sing," as well as the new original song "Christmas Eve."

The recording blends orchestral arrangements, Renaissance instrumentation, Blackmore's virtuoso guitar mastery and wonderful vocals from Candice Night. You can purchase the album and listen to samples on Amazon.com.
